

1. Advanced Manufacturing and Advanced Engineering

Including but not limited to interest in IoT, Information Systems, Materials Science, Materials Engineering, Product Engineering, Sensors Development, Digital Manufacturing, Logistics, Industrial Engineering, Electronic and Electrical Engineering, Aviation Engineering, Biomedical Engineering, Civil Engineering, etc.

2. Artificial intelligence and Robotics

Including but not limited to interest in Artificial Intelligence, Machine Learning, Computer Vision, Speech Recognition, Data Science, Robotics, Mechanical Engineering, Electronic and Electrical Engineering, Software Engineering, etc.

3. Business and Financial Technology

Including but not limited to interest in Financial Technology, Data Analytics, Blockchain Technology, Actuarial Science, Risk Management Science, Cyber Security, Compliance Technology, etc.

1. Life and Health Technology

Including but not limited to interest in Medicine, Chinese Medicine, Veterinary Medicine, Dental Surgery, Nursing, Pharmacy, Public Health, Physiotherapy, Occupational Therapy, Optometry, Radiography, Biomedical Sciences, Biomedical Engineering, Biological Sciences, Speech and Hearing Sciences, Food and Nutritional Science, etc.

4. Sustainability and Green Technology

Including but not limited to interest in Environmental Science, Earth System Science, Ocean Science, Green Energy, Chemical Engineering, Nuclear Engineering, Sustainable Energy Engineering, Green Construction, Carbon Neutrality, Purification Technology, Waste Management, Biofuels, Eco Vehicles, etc.

6. Multi-disciplinary Technology and Others

Including but not limited to interest in Art Technology, Law Technology, Education Technology, Linguistics and Language Technology, Fashion & Textiles, Communication Technology, Sports Technology, Music Technology, Multimedia Technology, Geospatial Technology, Social and Humanities Technology, etc.
